INFORMATION DISCLOSURE STATEMENT

Sir:

Pursuant to 37 C.F.R. §§ 1.97-1.99, Applicants hereby submit the enclosed PTO Forms 1449.

This Information Disclosure Statement is in compliance with the continuing duty of candor as set forth in 37 C.F.R. § 1.56 and is being filed with the above-identified application.

Under 35 USC §120, this application relies on the earlier filing date of application serial number 09/545,207, filed on April 7, 2000 and provisional application serial number 60/128,402, filed April 8, 1999. Hard copies of the references identified on the PTO Form 1449 were submitted to and/or cited by the Office in the prior patent application(s) and, therefore, are not provided in this application.

In the judgment of the undersigned, portions of the listed references may be material to the Examiner's consideration of the presently pending claims. However, the references have not been reviewed in sufficient detail to make any other representation and, in particular, no representation is intended as to the relative importance of any portion of the references. This statement is not a representation that the listed references have effective dates early enough to be "prior art" within the meaning of 35 U.S.C. § 102 or § 103.

Please apply any charges or credits to Deposit Account No. 19-0733.

Respectfully submitted,

Dated:

November 4, 2003
